SOFTWARE LICENSE AGREEMENT

IMPORTANT - READ CAREFULLY BEFORE COPYING, INSTALLING OR USING THE REALOBJECTS SOFTWARE.

NOTICE

By downloading and installing, copying or otherwise using this software (hereinafter also "**the Software**" or "**edit-on JavaBean SDK**"), you agree to be bound by the terms and conditions of this SOFTWARE LICENSE AGREEMENT (hereinafter also "**this Agreement**"). If you do not agree to the terms and conditions of this Agreement, do not download, install, copy or use the Software.

"You" (hereinafter also "**the Licensee**") means the natural person or the entity that is acquiring the Software for usage within their application or system and agreeing to be bound by this Agreement. You shall be liable for any failure by your users, employees, contractors or any other individuals accessing or otherwise using the Software to comply with the terms and conditions of this Agreement.

Article 1 - GRANT OF LICENSE

The Software and its associated electronic documentation (including the Core Editor Component and any applets, files, binary code, source code, images, photographs, animations and text incorporated into the Software) as well as any accompanying hard copies of written materials (collectively hereinafter also "**the Documentation**") are licensed, not sold, to you by RealObjects GmbH (hereinafter also "**RealObjects**") for use only under the terms and conditions of this Agreement, and RealObjects reserves all rights not expressly granted to you.

Subject to the terms and conditions of this Agreement and your payment of applicable license fees, RealObjects hereby grants, and you accept, a perpetual, non-exclusive, non-transferable right and license to use the Software and Documentation according to the terms and conditions of this Agreement.

You are permitted to install and use one copy of the Software for a single developer. A developer may use the license on multiple computers as long as they are not used concurrently nor used by another developer. You may also store or install a copy of the Software on a storage device, such as a network server used only to install or run the Software on your other computers over an internal or external network; however, you must acquire and dedicate a distinct license for each developer using the Software from the storage device. Any given license for the Software may not be shared or used concurrently or otherwise on different computers or by different developers in a given entity.

The use of the Software by more than one developer requires the purchase of additional licenses of the Software. If you have taken the Software in a multiple license pack (e.g. 5 developer license), you may make the number of additional copies of the Software as specified in this Agreement and you may use each copy in the manner specified herein.

You have to provide the full name and e-mail address of each developer (= licensed developer). Support services will be provided to the licensed developer only. The license of the Software can be transferred to another developer in case the original licensed developer permanently leaves the given entity or in case of other sustainable reasons which you have to provide in writing. Unless other sustainable reasons provided, a maximum of one (1) developer change within a twelve (12) months period will be accepted by RealObjects. No support will be provided to third parties.

Article 2 - DISTRIBUTION RIGHTS

This Agreement hereby grants you a royalty-free right and license to distribute the Software as an integral part of your application developed by you and subject to the following terms and conditions:

(1) Application means your own software product(s) that incorporate any part of the edit-on JavaBean SDK in "object code" and are not Java Applet(s), JavaBean(s), Java Component(s) or any other kind of Component(s), SDK's or Libraries.

(2) You may distribute the application, developed by you by using the Software as an integral part of your application, provided you do not distribute the application in a fashion that your application would directly expose API (Application Programming Interface) methods of the Software to the end users.

(3) Your application may not be merely a set or subset of the edit-on JavaBean SDK nor substantially duplicate the capabilities or compete with the edit-on JavaBean SDK or any RealObjects product that uses the Core Editor Component.

(4) You will have to clearly acknowledge and publish the copyrights of RealObjects in your application through a copyright notice in an appropriate place. The text should include "Parts of the application are: Copyright © RealObjects GmbH. All Rights Reserved. <http://www.realobjects.com>".

Restrictions: You are not permitted to:

(a) create or distribute Java Applet(s), JavaBean(s), Java Component(s) or any other kind of Component(s), SDK's or Libraries that use the Core Editor Component to substantially duplicate the functionality of the edit-on JavaBean SDK or any other RealObjects product(s); or

(b) make copies of, or distribute any parts of the Software, except for backup, archival and disaster recovery purposes; or

(c) rent, lease, sub-license, loan, copy, modify, alter, adapt, merge, translate, reverse engineer, decompile, or re-package the Software into another product, or to disassemble it or create derivative works, based on the whole, or any part, of the Software or the Documentation; or

(d) utilize the Software in a manner which is disparaging to RealObjects or that will damage the interests of RealObjects; or

(e) copy the Software for the purpose of illegal distribution.

Article 3 - SUPPORT AND MAINTENANCE

RealObjects will provide to you free technical support for a period of 30 (thirty) days from the date of purchasing a license of the Software. This free technical support does not include the right to upgrade to new major versions of the Software, which might get available during this period,

In addition to the free technical support described above and in accordance with the terms of the 1-Year Support and Maintenance Pack, which you can purchase optionally, RealObjects will provide support and maintenance services ("hereinafter also "the Support Services") for the Software as defined below.

(a) If you have not purchased the 1-Year Support & Maintenance Pack RealObjects, at its sole discretion and on a case by case basis, may decide to offer maintenance releases to you as a courtesy, but these maintenance releases may not include any new features in excess of the Software's feature set at the time of your purchase. Support Services are provided via a web-based support form only, and there is no guaranteed response time.

(b) If you have purchased the 1-Year Support & Maintenance Pack, you will receive all maintenance releases and updates and major upgrades of the Software for a period of 1 (one) year from the date of purchasing the 1-Year Support & Maintenance Pack. Such maintenance releases, updates and upgrades may or may not include additional features. Maintenance releases and updates cover the minor releases within the same major version of the Software. In addition, RealObjects will provide Priority Technical Support to you for the 1 (one) year period. Priority Technical Support is provided via a web-based support form only, and RealObjects will make commercially reasonable efforts to respond via e-mail to all requests within forty-eight (48) hours during RealObjects' business hours (Mo - Fr, 09:00 - 18:00 CET, German holidays excluded).

Licensee acknowledges and agrees that the Support Services only cover issues or questions resulting directly out of the operation of the Software and RealObjects will not provide Licensee with generic consultation, assistance, or advice relating to any third-party software.

Updating the Software may require the updating of software not covered by this Agreement before installation. Updates of the operating system and application software not specifically covered by this Agreement are Licensee's responsibility and will not be provided by RealObjects under this Agreement.

RealObjects shall be under no obligation to provide the above Support Services if, in RealObjects' reasonable opinion, the Software has failed due to the following conditions: (i) alterations, modifications or attempts by Licensee to change the Software without RealObjects' written approval; (ii) causes external to the Software, such as natural disasters, the failure or fluctuation of electrical power, or computer equipment failure; or (iii) Licensee's failure to maintain the Software at RealObjects' specified release level.

It will be Licensee's responsibility to: (i) comply with all RealObjects operating and troubleshooting procedures and then notify RealObjects immediately of the Software malfunction and provide RealObjects with complete information thereof; (ii) establish and maintain backup systems and procedures necessary to reconstruct lost or altered files, data or programs.

Article 4 - TERM

This Agreement is effective until terminated. Your rights under this Agreement will terminate automatically without notice from RealObjects if you fail to comply with the term(s) and condition(s) of this Agreement. Upon the termination of this Agreement, you shall cease all use of the Software and destroy all copies, full or partial of the Software and the Documentation.

Article 5 - OWNERSHIP

RealObjects shall at all times retain ownership of the Software, the Documentation and all subsequent copies thereof, regardless of form or storage medium. RealObjects also retains the title, and all proprietary rights to the Software, including, but not limited to, all patent, copyright, trade secret, service marks, registered service marks, trademark or registered trademark rights.

Licensee agrees that it will not provide a copy of the Software or the Documentation to any person, other than Licensee's users, employees, contractors or any other individuals that are entitled to use the Software and the Documentation under this Agreement without the prior consent of RealObjects. RealObjects specially disclaims any express or implied warranty of fitness for such high-risk activities.

Article 7 - ASSUMPTION OF RISK

You acknowledge that due to the complexity of the Software, it is possible that using the Software could lead to the unintentional loss or corruption of data. You assume all risks of such data loss or corruption. The warranties provided through this Agreement do not cover any damage or losses resulting from data loss or corruption.

Article 8 - LIMITED WARRANTY

Neither party is, nor will either party hold itself out to be, vested with any authority to bind the other party contractually, or to act on behalf of the other party as a broker, agent, or otherwise.

(2) Headings. Headings under this Agreement are intended only for convenience and shall affect the interpretation of this Agreement.

(3) Waiver. The waiver or failure of either party to exercise any right provided for herein will not be deemed a waiver of any further right hereunder.
