

Boxes in absolute units

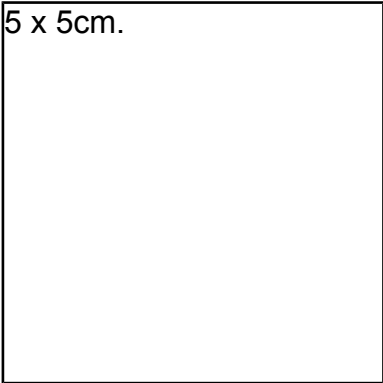

This document demonstrates the usage of absolute units such as centimeter and inch, which do not depend on the resolution of the output device (e.g. px).

When printing this document with any PDF viewer, please make sure, that all options which could anyhow affect the scaling of the document - e.g. like "Fit to Printer Margins" - are disabled.

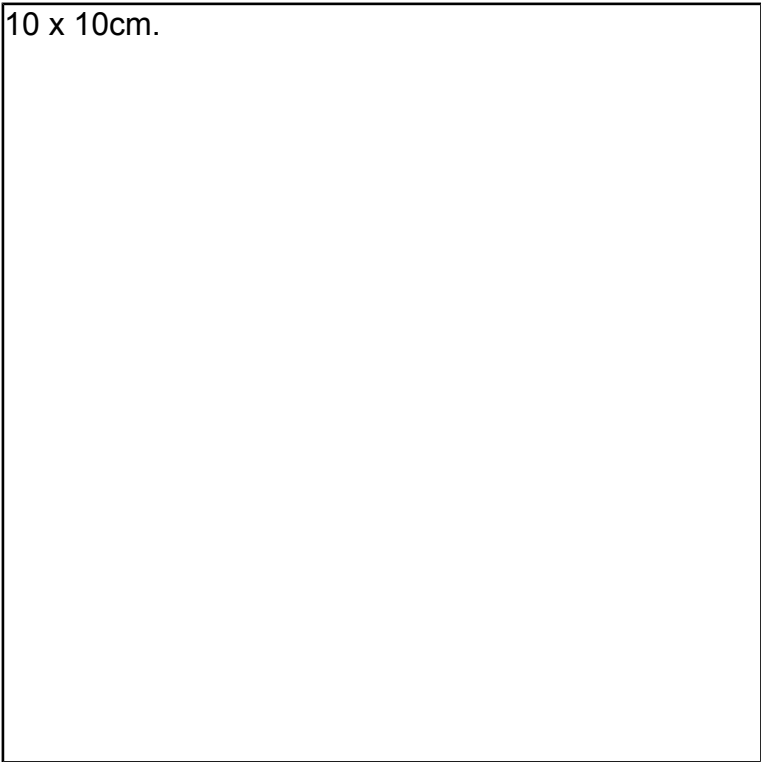

Centimeter:

1 x
1cm.

5 x 5cm.

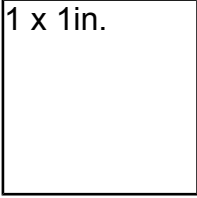

10 x 10cm.

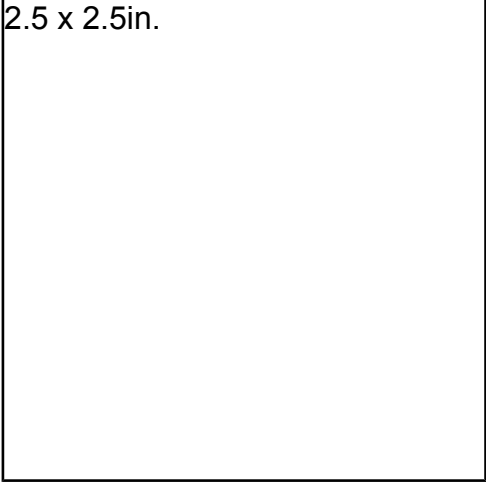

Inch:

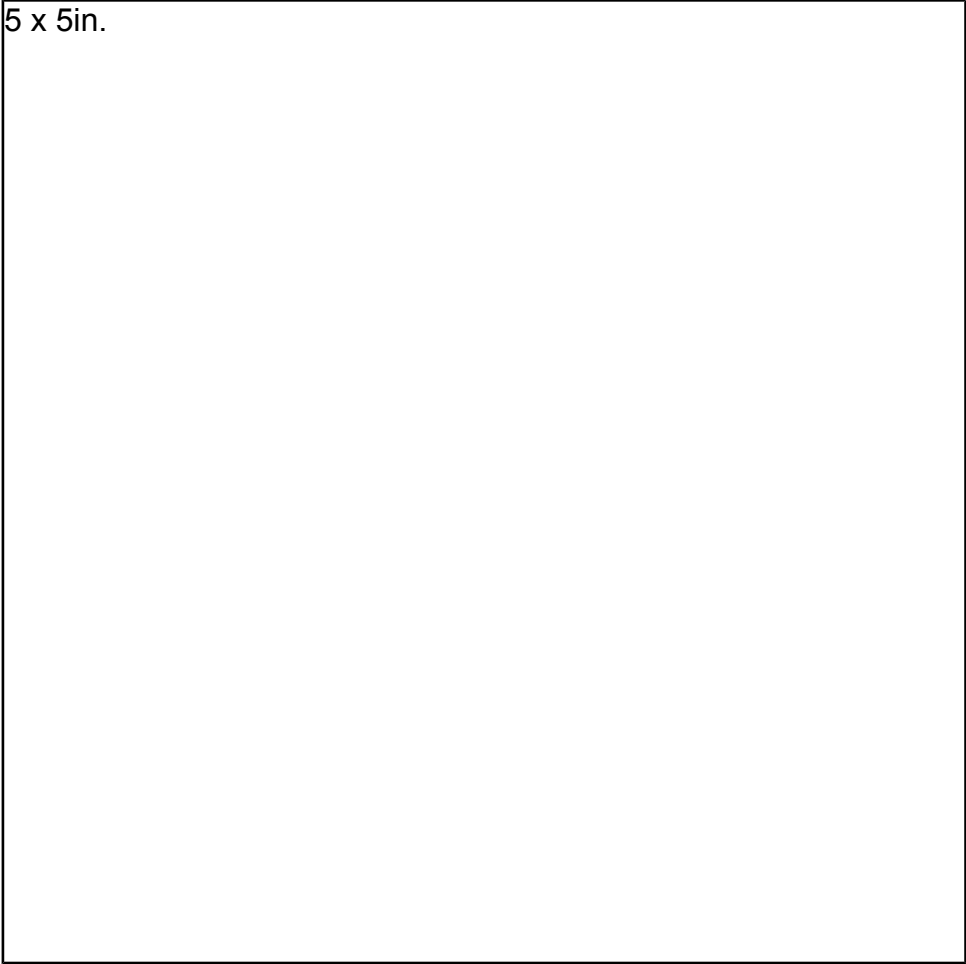

1 x 1in.

2.5 x 2.5in.

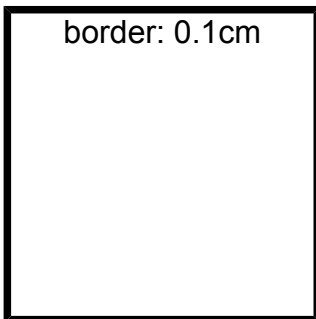

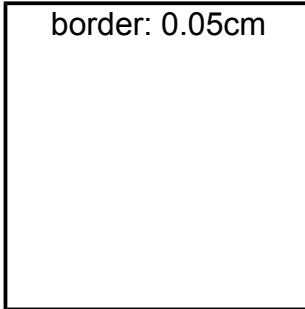

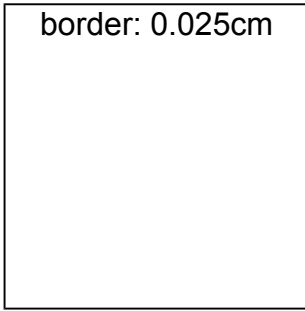

5 x 5in.

Border widths in absolute units:
